

Transit Planning Advisory Committee Memorandum

From: Chip Russell, Chair, Transit Planning Advisory Committee (TPAC)

To: Capital Area Metropolitan Planning Organization (CAMPO) Executive Board
GoTriangle Board of Trustees

Re: Fiscal Year (FY) 2017 Wake Transit Work Plan

The Wake County Transit Governance Interlocal Agreement (ILA) charges the Wake County Transit Planning Advisory Committee (TPAC) with the development of annual Wake Transit Work Plans, which contain a number of technical elements related to Wake County Transit Plan implementation. Throughout September and October of 2016, the TPAC developed its first Wake County Transit Work Plan for FY 2017 and recommended it to the CAMPO Executive Board and GoTriangle Board of Trustees for approval on November 9, 2016. The FY 2017 Wake Transit Work Plan details expenditures beginning in the third quarter (Q3) of FY 2017 (April – June 2017), which is the first quarter revenues will be available to cover transit plan implementation. The elements of the FY 2017 Wake Transit Work Plan include:

- 1) FY 2017 operating budget and budget ordinance for the Triangle Tax District Wake Operating Fund (no capital expenditures are proposed for FY 2017);
- 2) Summary of updates to the Wake Transit Financial Plan financial model and assumptions (and corresponding memo);
- 3) FYs 2017-2026 Multi-Year Operating Program and Capital Improvement Plan (CIP); and
- 4) Memo detailing the expectations and parameters for transfer of funds in FY 2017 in the absence of formal operating or capital funding agreements (under development).

The expenditures proposed for FY 2017 will cover staff and other indirect expenses in support of GoTriangle's tax district and transit plan administration responsibilities. Proposed expenditures will also cover contracted services for systemwide planning activities and service preparation costs for GoTriangle's rollout of bus services proposed to be initiated in FY 2018. The intent of the proposed expenditures in FY 2017 is to establish appropriate resources to administer the tax district, kick off systemwide planning studies to further inform later-year plan implementation technical recommendations, and to prepare GoTriangle for its deployment of new bus services in FY 2018. While a staffing plan is under development that will further inform Wake Transit Plan implementation staffing needs, staff resources budgeted for FY 2017 and programmed to continue in future years were identified by the TPAC as essential for the initiation of critical planning and administration activities necessary for the plan's implementation to progress. While a sizable amount of tax district revenues collected will go toward the aforementioned activities, the overwhelming majority of collections for FY 2017 will be transferred to the Wake Operating Fund Balance.

Expenditures proposed for FY 2018, as detailed in the FY 2017-2026 Multi-Year Operating Program, will support bus services that were determined by the TPAC to be in high demand and that can be

deployed with the existing limited capital resources transit providers already have. These services include preservation of existing regional routes currently being supported by provisional funding sources, weekend and weeknight service expansions, frequency improvements, countywide rural general public demand-response service improvements, continuation of contracted services for transit plan implementation studies, and additional planning and project management staff for CAMPO, GoRaleigh, and GoCary to support transit plan administration and major expansion of transit services beginning in FY 2018 and continuing into subsequent years. Expenditures proposed for FY 2018 and beyond, as detailed in the FY 2017-2026 CIP, will support bus services proposed to be deployed in FY 2018, planning/studies for bus facility and fixed guideway capital projects, and services proposed to be deployed in future years as detailed in the Wake Transit Financial Plan and financial model.

While expenditures in both the multi-year operating program and CIP are proposed for FY 2018, these expenditures can be considered developmental planning-level estimates, as they will be refined over the coming months in pursuit of a TPAC recommendation on an FY 2018 Work Plan in May 2017. Ongoing expenditures deployed in FYs 2017 or 2018 will continue to carry forward through future work plan years. As noted in the FYs 2017-2026 Multi-Year Operating Program and CIP, a multi-year bus service implementation plan (to plan/program future bus services and associated capital requirements) and a transit corridors major investment study (to inform implementation of fixed guideway project development) are currently under development that will inform all operating and capital expenditures beginning in FY 2019. The multi-year service implementation plan that will inform future years of the multi-year operating program and CIP is intended to provide a blueprint for how and when regional/express, local frequent network, and community funding area bus or other transit services will be phased into existence over the next three to six years. The transit corridors major investment study will provide the blueprint for how and when fixed guideway projects will be phased into existence over the next 10 years, as well as these projects' interactions with expanded bus service.

For the capital and operating funding agreements component of the FY 2017 Work Plan, a memo has been developed by the TPAC to function as a surrogate for funding agreements until such agreements can be developed. Agreement templates matching the agreement structure developed by the TPAC are under development and will be ready for use before the TPAC's scheduled recommendation of an FY 2018 Wake Transit Work Plan in May 2017. The surrogate memo details the expectations and parameters of the proposed transfers to GoTriangle for its proposed expenditures. GoTriangle is the only agency proposed to receive funding from the tax district during FY 2017.

**GOTRIANGLE
FISCAL YEAR 2017
TRIANGLE TAX DISTRICT -- WAKE OPERATING FUND ORDINANCE**

BE IT ORDAINED by the Research Triangle Regional Public Transportation Authority Board of Trustees:

Section 1. It is estimated that the following revenues will be available in the **Triangle Tax District -- Wake Operating Fund** for the fiscal year beginning July 1, 2016 and ending June 30, 2017:

Article 43 ½ Cent Local Option Sales Tax	\$18,893,000
Vehicle Rental Tax	\$877,519
Transfer from Wake Tax District Fund (\$3 Vehicle Registration Tax)	\$621,000
Total	\$20,391,519

Section 2. The following amounts hereby are appropriated in the **Triangle Tax District -- Wake Operating Fund** for the fiscal year beginning July 1, 2016 and ending June 30, 2017:

Tax District Administration (GoTriangle)	\$75,000
Transit Plan Administration	
GoTriangle	\$384,493
Systemwide Planning	
GoTriangle	\$700,000
Transit Operations	
GoTriangle	\$100,000
Allocation to Wake Operating Fund Balance	\$19,132,026
Total	\$20,391,519

Section 3. The GoTriangle General Manager, or his or her designee, is hereby authorized to transfer funds within appropriations under the following conditions:

- A) No transfer may be made that changes the adopted appropriations for debt service, allocations to reserves, and allocations to fund balance.
- B) All budget transfers will be reported to the Transit Planning Advisory Committee.
- C) All increases to an appropriation, and all transfers between appropriations, must be reviewed by the Transit Planning Advisory Committee and approved by the CAMPO and GoTriangle governing boards.

Section 4. Copies of the Budget Ordinance shall be furnished to the Clerk, to the Board of Trustees, to the Finance Officer, and to the Budget Officer of this Authority to be kept on file for

their direction in the disbursement of funds. Copies shall also be furnished to representatives of the Agencies under Section 2. The Budget Ordinance shall be entered into the Board minutes.

ADOPTED THIS XXND DAY OF DECEMBER 2016.

Jennifer Robinson, Board of Trustees Chair

ATTEST:

Michelle C. Dawson, Clerk to the Board

Tax District Administration

Tax District Administration expenditures are specific to GoTriangle's responsibilities to manage the Tax District, develop the Wake Transit budget ordinances and funding agreements, and update the Wake Transit Financial Plan.

Transit Plan Administration

Transit Plan Administration expenditures, such as public outreach and multi-year service implementation planning, are related to implementing the Wake Transit Plan as a whole.

Allocations from the Triangle Tax District to Agencies

In the "Triangle Tax District: Wake Operating" budget ordinance, allocations to Partner Agencies are listed as expenditures. When showing total transit spending in Wake County, to avoid double counting allocations, the table above subtracts allocations from the total Tax District revenues and adds them to the Agency revenues before including any other expenditures.

When showing total transit spending in Wake County, to avoid double counting allocations, the table above subtracts allocations from the total Tax District revenues and adds them to the Agency revenues before including any other expenditures

Tax District Administration FY17 Salaries & Benefits Detail

New Salaries and Benefits	Agency	FTE	x \$85,000 per FTE	/2 (for Q3 and Q4 value)
Financial Oversight	GoTriangle	1.00	\$ 85,000	\$ 42,500
Total			\$ 85,000	\$ 42,500

Budget Administration and Financial Model Maintenance – (1.0 FTE budgeted starting in January 2017)

Per the Interlocal Governance Agreement, the recommendation of the TPAC, and the decisions by CAMPO and GoTriangle Boards, GoTriangle will be responsible for the following tasks:

- Producing the Annual Operating and Capital Budget ordinances;
- Administering and managing the Tax District;
- Updating the Wake Transit Financial Plan;
- Developing capital and operating funding agreements; and
- Developing quarterly and annual reports.

These tasks will be ongoing, but they will begin in FY17 as GoTriangle prepares the FY18 budget, develops agreements for implementation of services and projects, and works with consultants on impacts of the major investment study and the service and capital implementation plans on the long-range financial plan.

GoTriangle has identified the need to fund one Full-Time Equivalent position for the half-year beginning in January 2017. This would be accomplished by hiring a new staff member. Other positions that may be needed for future years will be identified through Staffing Plan.

Transit Plan Administration FY17 Salaries & Benefits Detail

Allocation for Existing Salaries and Benefits	Agency	FTE	x \$85,000 per FTE	/4 (for Q4 value)
Legal	GoTriangle	0.40	\$ 34,000	\$ 8,500
Capital Development	GoTriangle	1.75	\$ 148,750	\$ 37,188
Communication & Public Affairs	GoTriangle	1.00	\$ 85,000	\$ 21,250
Board Clerk	GoTriangle	0.40	\$ 34,008	\$ 8,502
Regional Services	GoTriangle	0.75	\$ 63,750	\$ 15,938
Total		4.30	\$ 365,508	\$ 91,377

New Salaries and Benefits	Agency	FTE	x \$85,000 per FTE	/2 (for Q3 and Q4 value)
Public Outreach and Communication	GoTriangle	1.50	\$ 127,500	\$ 63,750
Major Investment Studies	GoTriangle	1.00	\$ 85,000	\$ 42,500
Multi-Year Service Implementation Plan and Capital Plan	GoTriangle	1.00	\$ 85,000	\$ 42,500
Total		3.50	\$ 297,500	\$ 148,750

Total	Agency	FTE		
Total Transit Plan Administration Salaries & Benefits	GoTriangle	7.80		\$ 240,127

Allocation of Vehicle Rental Tax to Existing Wake Transit Staffing Needs - (4.3 FTEs budgeted starting in April 2017)

GoTriangle allocates a portion of its existing regional vehicle rental tax to fund transit investments in Wake County. Starting in Q4 of FY 2017, these revenues and expenditures will be included in the Wake Transit Plan. Expenditures for FY 2018 will be determined through a zero-based budgeting process.

Public Outreach and Communication about Plan Implementation - (1.5 FTEs budgeted starting in January 2017)

Per agreement by the Wake Transit Communications Group, if the transit sales tax referendum passes on November 8th, responsibility for coordinating public involvement and communications for the implementation of the Wake Transit Plan will pass from Wake County to GoTriangle. In addition to working with CAMPO on the consultant task to develop a public engagement strategy, there will be a need throughout FY17 and beyond to coordinate public involvement and communications so that Wake Transit customers and the community understand how to engage with the decision-makers about implementation of the Wake Transit Plan. Initially, this will involve planning and executing public involvement activities related to the multi-year service and capital plans, and also continuing the representation of the Wake Transit Plan at community events and meetings throughout the County, and at the new GoTriangle Citizens Advisory Committee. Once assignments are made to parties to implement services and projects, there will be an ongoing need to coordinate public involvement among multiple public agencies to be efficient and to avoid confusing the public, key community leaders and grassroots organizations.

There will also be a need to develop and manage communication strategies and tools to tell the story about implementation of the Wake Transit Plan. This, too, will require coordination with communication staff members at all the partner organizations, but also responsibility for website content updates, report generation, news media strategies, etc.

GoTriangle has identified the need to fund one and a half Full-Time Equivalent positions for the half-year beginning in January 2017 in order to handle the work described above. This would be accomplished by hiring two new individuals, one of whom would be fully funded by the Wake Transit tax, another who would only be funded partially by the Wake Transit tax. Other positions at GoTriangle or other transit providers that may be needed for future years will be identified through Staffing Plan.

Major Investment Studies – (1.0 FTE budgeted starting in January 2017)

Beginning in FY17, we will be contracting with a consultant to conduct a major investment study that will evaluate the four BRT corridors and the Commuter Rail Corridors for readiness to enter the Federal Transit Administration Project Development process so that we can complete the projects in the 10-year timeframe called for in the Adopted Wake Transit Plan. While these projects will not be in design, there will be issues evaluated that require engineering expertise. We will need to engage staff, including engineers at various right-of-way stakeholders who include NCDOT, NCR, freight railroads, Amtrak, and also developers, institutions like NCSU, and our municipal partners. Having agency engineering staff to participate in these communications will be essential to providing a thorough understanding of all the corridor considerations.

GoTriangle has identified the need to fund one Full-Time Equivalent engineering position for the half-year beginning in January 2017 in order to manage the work described above. This would be accomplished by hiring one new individual. One engineering position should help us explore some very basic design ideas as we move through the early Transitional Analysis work and downtown Raleigh surface street (formerly black box) study. Other positions at GoTriangle or other transit providers that will be needed for future years to deliver these major infrastructure projects will be identified through Staffing Plan.

Multi-Year Service Implementation Plan and Capital Plan (1.0 FTE budgeted starting in January 2017)

Per the Interlocal Governance Agreement, the recommendation of the TPAC, and the decisions by CAMPO and GoTriangle Boards, GoTriangle will be responsible for:

- Detailed elements of a multi-year service implementation plan
- Multi-year operating program (together with CAMPO).

These tasks will begin in FY17 with the hiring of a consultant to develop the initial service implementation plan, which will include a steering committee of the transit providers and various stakeholder groups. The service implementation plan will be coordinated with a capital project plan, a prioritization strategy, a robust public outreach strategy, and updates to the financial plan. The plan will be complex, requiring management of the consultant who will have to work with Raleigh on an extensive restructuring of their transit network, with 11 other municipalities on a tripling or quadrupling of bus service spending and capital infrastructure in Wake County over the next 10 years, and with many interested stakeholders.

On an ongoing basis, this position will lead coordination efforts with the other transit providers and stakeholders as changes are made to the multi-year service implementation plan, and as changes will need to be made to operating agreements to reflect service changes.

GoTriangle's currently has three service planners – one is funded by the City of Durham and two are funded through grants and the regional vehicle registration fees. We also have a capital project planner funded through the Durham and Orange County transit taxes. GoTriangle does not currently have anyone who can dedicate sufficient time to the implementation of the Wake County Transit Plan.

GoTriangle has identified the need to fund one Full-Time Equivalent position for the half-year beginning in January 2017 in order to manage the consultant work and assist with the development of operating agreements and evaluation of performance against the agreements. This would be accomplished by hiring a new staff member. Other positions at GoTriangle or other transit providers that may be needed for future years will be identified through the Staffing Plan.

TO: Transit Planning Advisory Committee

FROM: Nicole Kreiser, Wake County, TPAC Budget and Finance Subcommittee Co-Chair

RE: Transit Financial Model for FY 2017

DATE: November 9, 2016

The TPAC has assigned GoTriangle as the lead agency to update the Wake Transit Financial Plan and the financial model. Accordingly, the financial model shall contain the agreed upon financial assumptions of the TPAC for Wake Transit Work Plan revenues involving federal, state and local sources. The model also includes the multi-year capital and operating costs as well as the liquidity targets and debt ratios relevant to rating agency metrics.

GoTriangle has asked Wake County to serve on its behalf to update the Wake Transit Financial Plan and the financial model for FY 2017 while the County transitions modeling of the Wake Transit Plan to GoTriangle. Wake County and GoTriangle have jointly reviewed the model, and the modeling has also been shared with the TPAC Budget and Finance Subcommittee members for their review and feedback. Updates to the changes in assumptions have also been presented to the TPAC at the October 19th and November 2nd regular TPAC meetings.

Attached is the FY 2017 Financial Model Assumptions Template, which details the assumptions made in the Wake Transit Financial Plan adopted by GoTriangle, CAMPO, and the Wake County Board of Commissioners. It also compares those assumptions to changes made for FY 2017 and the assumptions contemplated for the FY 2018 Transit Work Plan.

As detailed in the Wake County Transit Plan, the plan is fiscally constrained and is contingent on a variety of assumptions. The changes shown for 2017 reflect assumptions that will evolve as information is modified and projections are updated to reflect actual results. This will continue as the projects in the Transit Plan continue to be studied and new information influences the cost and timing. Additionally, overall inflation assumptions, availability of local sources of revenue and growth assumptions, competition for federal funding for projects, successful access to capital markets, and regional partnerships will continue to influence the overall financial outlook of the Transit Plan.

For FY 2017, the most significant changes in assumptions are:

Local Revenue Sources

1. Removal of FY 2017 funding of the \$7 county car registration fee due to anticipated timing with DMV. A full fiscal year is now planned starting in FY 2018 vs one-quarter fiscal year in 2017. The one-quarter year funding for FY 2017 was estimated at \$1.449 million.

Federal Revenue Sources

2. Removal of \$24 million of federal funding towards bus acquisition expansion vehicles in the plan. This impacted a planned \$4 million of revenue for FY 2018.
3. Removing of federal reimbursement for BRT and CRT planning costs spent in FY 2018. Original cost curves provided for the projects indicated that those would be eligible for reimbursement; the plan has been updated such that the 50% assumption for federal funding reimbursement of dollars spent on BRT and CRT will begin for dollars spent beginning in FY 2019. This impacted \$4.65 million of revenue.

Expenditure Changes

4. Allocation of existing GoTriangle staff and cost allocations paid out of rental tax dollars to the Wake Transit Plan. Previously, these rental tax dollars were assumed to be for new transit services only. A recurring cost of \$487,972 inflated at 2.5% a year, has been added to the model. A one-time cost of \$700,000 allocated to systemwide planning is shown for FY 2017.
5. The addition of tax district administration and transit plan administration. A recurring \$1.2 million has been added to the plan, inflated at 2.5% a year. \$337,500 is the impact for FY 2017; the \$675K annualized impact plus additional positions contemplated for FY 2018 results in a \$1.2 million impact beginning in FY 2018. This will be finalized for the FY 2018 work plan.
6. The addition of other items shown in the multi-year operating and capital programs, including the acceleration of \$4.7 million of bus operations for FY 2018 and FY 2019 and \$4.8 million in additional bus infrastructure for FY 2018. These will be finalized with adoption of the FY 2018 work plan.
7. The reduction of \$45 million of bus infrastructure between FY 2019 and FY 2026; an original \$208.3 million was included in the financial plan. As project timelines are refined, this reduction may be reduced or allocated to other projects in the plan. These changes will also be continued to be refined for the adoption of the FY 2018 work plan.
8. The reduction of professional services in bus operations for FY 2019 from \$15 million to \$5 million. This will continue to be refined for future work plans.

The first few years of the Transit Plan involve significant design and further study of projects. The approach of the plan is strategic in leveraging federal and state funds, combined with existing and new sources of local funding, to deliver projects that connect regionally, connect Wake County's communities, provide frequent urban mobility, and link local service. The changes outlined above are pragmatic adjustments that continue to balance intensive capital investments with significant increases in frequent services and corresponding operating costs. The plan continues to maintain the necessary liquidity measures and other measures of fiscal health to support the goals of the Wake Transit Financial Plan. As stated above, the changes in assumptions will continue to be updated and refined as the FY 2018 work plan is finalized.

Model Assumptions Update Summary
FY 2017 Wake Transit Plan Model Assumptions - Wake Transit Work Plan

Assumption	Type	Wake Transit Plan Assumption	FY 2017 Proposed Assumption	FY 2018 Proposed Assumption	Source	Impact/Notes
Operating Revenues						
Tax District Revenues						
Article 43 1/2 Cent Local Option Sales Tax	Growth Rate	4.0%	4.0%	4.0%	Budgeted Growth in Wake County Financial Model for Article 39	
Vehicle Rental Tax	Growth Rate	2.5%	2.5%	2.5%	Historical Growth	
Vehicle Registration Tax, \$7.00 per Vehicle	Growth Rate	2.0%	2.0%	2.0%	Historical Growth	1/4 Fiscal Year Removed from FY 2017 (\$1.449 M)

Capital Projects Fund Balance	% of Projects Budget Through 2027	5%	5%	5%	Financial Policy	

Outcome (Overall Fiscal Health of Wake Transit Plan)	Result	Wake Transit Plan Assumption	FY 2017 Proposed Assumption	FY 2018 Proposed Assumption	Comment	Impact/Notes
Minimum Wake Operating Fund Balance	\$, % of Sales Tax (No Lower Than 25%)	\$18,893,000 in FY 2017 (100%)	Balance of \$19,032,136 in FY 2017 (99%)	Balance of \$19,648,000 in FY 2018 (25%)		Designed to provide operating reserves, when combined with capital that could be used in extraordinary circumstances, to meet liquidity targets.
Minimum O&M Reserve	3 Months	N/A	N/A	N/A	in each transit agency	
Minimum Wake Capital Fund Balance	%, % of Capital Projects Planned (5% by xx)	\$80.65 M (5%) by 2020	\$78.2 M (5%) by 2021	\$78.2 M (5%) by 2021		May need to build this back up by 2020 again, but will require additional reductions in capital
Capital Asset Management Reserve	\$ accrued	228 days in 2027	217 days in 2027	217 days in 2027		While reduced by 11 days, still within recommended threshold.
Operating Days of Available Unrestricted Cash	# of Days (181 days cash + 5x cash to DS = score of 1 for liquidity) + (90 days cash + 2x cash to DS = score of 2 for liquidity)		77 days in 2027 low of 3.1 in 2025	77 days in 2027 low of 3.1 in 2025		Recommend 90-180 days cash in operating fund; greater than 180 days when combined with capital. When operating fund cash is combined with capital fund balance, liquidity reserves rank a "1" which offsets financial flexibility tied to debt service carrying charge and farebox recovery ratio.
Cash to Debt Service	Operating + Capital Fund Balance/Debt Service (Greater than 2.0 = S&P A)	78 days in 2027				
EBITDA Debt Service Coverage	Local Net Revenue / Debt Service (No Lower Than 1.25)	1.26 in 2027	1.25 in 2027	1.25 in 2027		Net revenues available for debt service divided by debt service.
Gross Debt Service Coverage	Local Revenue / Debt Service (No Lower Than 3.0)	low of 3.56 in 2025	low of 3.02 in 2026	low of 3.02 in 2025		Still above 3.0; out years are higher. No significant impact on plan.
Debt to Revenue (Debt Burden)	Debt Outstanding/Total Revenues (Greater than 2.0 Debt to Revenue = S&P A)	low of 2.2 in 2030	low of 2.0 in 2032	low of 2.0 in 2032		No significant change in plan.

FYs 2017-2026 Capital Improvement Plan Project Sheet Summary

TC001 – TBD - Systemwide Purchase of Expansion Vehicles/Lease of Existing Vehicles			
Project ID	Project	FY 2017 Cost	FY 2018 Cost
TC001-A	Purchase 20 new expansion vehicles for service to be initiated in FYs 2019 or 2020	\$0	\$10,000,000
TC001-B	GoTriangle lease of vehicles (for Route 300)	\$0	\$105,000*
TC001-C	GoTriangle rewrapping leased vehicles	\$0	\$14,500
TC001-D	GoRaleigh lease of vehicles	\$0	\$63,000*
Total		\$0	\$10,182,500

*Costs recur annually through horizon year of CIP

TC002 – GoTriangle – Bus Facilities (Park-and-Ride)			
Project ID	Project	FY 2017 Cost	FY 2018 Cost
TC002-A	Fuquay-Varina park-and-ride lease	\$0	\$4,500*
Total		\$0	\$4,500

*Cost recurs annually through horizon year of CIP

TC003 – GoTriangle – Bus Infrastructure			
Project ID	Project	FY 2017 Cost	FY 2018 Cost
TC003-A	Raleigh Union Station Bus Facility (Planning/Design)	\$0	\$1,900,000
Total		\$0	\$1,900,000

TC004 – GoCary – Bus Infrastructure			
Project ID	Project	FY 2017 Cost	FY 2018 Cost
TC004-A	Bus Stop Sign Replacement	\$0	\$43,000
TC004-B	Bus Stop ADA Improvements	\$0	\$495,000
Total		\$0	\$538,000

TC005 – GoCary – Capital Planning/Studies			
Project ID	Project	FY 2017 Cost	FY 2018 Cost
TC005-A	Downtown Cary Multimodal Facility Study	\$0	\$200,000
TC005-B	SW Wake Transit Maintenance Facility A&E	\$0	\$1,000,000
Total		\$0	\$1,200,000

TC006 – GoRaleigh – Bus Infrastructure			
Project ID	Project	FY 2017 Cost	FY 2018 Cost
TC006-A	Downtown Transit Access Improvements	\$0	\$1,250,000
TC006-B	Poole Road Park-and-Ride Facility (Construction)	\$0	\$1,140,000
Total		\$0	\$2,390,000

TC007 – TBD – Capital Planning/Studies			
Project ID	Project	FY 2017 Cost	FY 2018 Cost
TC007-A	Fixed Guideway Analyses/Implementation Studies	\$0	\$9,300,000
Total		\$0	\$9,300,000

Transit Planning Advisory Committee Memorandum

From: Chip Russell, Transit Planning Advisory Committee (TPAC), Chair

To: Capital Area Metropolitan Planning Organization (CAMPO) Executive Board
GoTriangle Board of Trustees

Re: Agreement(s) for FY 17 Wake Transit Funds Transfer to GoTriangle

This memo shall document the expectations and parameters for an FY 2017 transfer of funds from the Triangle Tax District, Wake Operating Fund to GoTriangle for transit plan administration and preparation of future service delivery activities.

As directed by the Wake County Transit Governance Interlocal Agreement (ILA), all funds and transfers in the Wake County Transit Plan shall be managed by documentation and agreements detailing the expectations, roles and responsibilities of all parties. The structure and language of these agreements are currently being drafted by the Transportation Planning Advisory Committee and member agency legal staff. These agreements will not be ready in time for adoption of the FY 2017 Work Plan. However, agreements addressing the aforementioned expenditures will be developed to serve this role. For the purposes of satisfying the requirement that annual Wake Transit work plans contain supporting agreements until agreements can be developed, this memo details the FY 2017 transfers of expenditures and explains the expectations for each transfer of funds below:

Transfer 1

\$100,000 for Preparation for FY 2018 Bus Service Roll Out

Go Triangle shall have all authority to allocate and spend the funds associated with Transfer 1 at any time during FY 2017 to ensure efficient and coordinated rollout of bus service programmed in FY 2018. Go Triangle staff shall make its best effort to document spending in a way that will be consistent with the reporting requirements under development.

Transfer 2

\$700,000 for Transit Plan Implementation Studies

Go Triangle, in conjunction with the on-call transit planning services joint procurement parties, shall have all authority to allocate and spend the funds associated with Transfer 2 at any time during FY 17 to ensure efficient and coordinated delivery of planning products and studies. Management, decision-making and scopes of work on this task shall be shared and coordinated with the Capital Area Metropolitan Planning Organization and City of Raleigh as co-funders of the studies and reported to TPAC. These studies are expected to continue and advance through FY 2018. Go Triangle staff shall make its best effort to document spending in a way that will be consistent with the reporting requirements under development.

Transfer 3

\$384,493 for new and existing staff

\$ 121,993 for existing GoTriangle Staff allocated to support the current level of service in Wake County

Go Triangle shall have all authority to allocate and spend the funds associated with existing staff at any time during FY 2017 to ensure adequate staff resources allocated to continue to support current Wake County activities. Go Triangle staff shall make its best effort to document spending in a way that will be consistent with the reporting requirements under development.

\$262,500 for potential additional staff to support implementation of the Wake County Transit Plan

Go Triangle shall only allocate or spend funds associated with potential additional staff according to the Wake Transit Work Plan as approved by the CAMPO Executive Board and the GoTriangle Board of Trustees. It is anticipated that the Work Plan will be approved by GoTriangle in December and CAMPO in January. It is also anticipated that discussions in December 2016 regarding GoTriangle's existing staff capacity will help finalize staffing needs, which will be submitted to the Wake County Transit Planning Advisory Committee for review. Any agency that funds a position through these resources shall make its best effort to document spending in a way that will be consistent with the reporting requirements under development.
